

ReConnectED

Advancing Learner Agency

MINDFUELED 2023 - FEB. 22-23, 2023

MARGARITAVILLE RESORT, PALM SPRINGS, CA

Learner Agency is the capacity of learners to act purposefully and constructively to direct their own growth and contribute to the growth of their peers. Let's get ReConnectED at MindFuelED 2023 to explore the power that lies within us to give learners the level of autonomy and control they need to experience and influence their own educational journey.

- **Cultural Identity** How can we create learning spaces that bridge our students' cultural identities to their learner identities?
- **Asset-Based** How can we create conditions for learners to draw upon their existing funds of knowledge?
- **Dispositional Learning** How do I ensure my students transfer the mindsets and habits of learning they develop both in and out of their school experience?
- **Learning Partnerships** How do I build authentic equal learning partnerships with students and families?
- **Clarity** How does the learning experience ensure clarity of academic, social, and emotional competencies?
- **Engagement** How do we engage learners personally and collaboratively?
- **Criticality** How can we use questioning, dialogue, and reflection to better understand power, oppression, and equity?
